International Zeolitic Materials School

Welcome
The Organizing Committee has the pleasure of inviting young researchers with interest in the synthesis, characterization and application of zeolitic and related porous materials to the International Zeolitic Materials School.

The school is addressed to PhD students and postdoctoral researchers who, in addition to attend the lectures, will have the opportunity to disseminate their research results in flash oral presentations.

We are looking forward to welcome you in Zamora and to enjoy an interesting and fruitful meeting in a friendly atmosphere.

Main topics:
- Design, synthesis and modification of zeolites and related porous materials
- Advanced characterization and modelling
- Catalytic applications
- Other applications

Zamora is known as 'the city of Romanesque' for being the European city that gathers the most Romanesque architecture across Europe.

Invited Speakers

Patricia Pizarro
Full Professor
Rey Juan Carlos University
Spain

Dmitry Murzin
Full Professor
Åbo Akademi University
Finland

Patricia Horcajada
Senior Researcher
IMDEA Energy
Spain

Isabel Díaz
Deputy Vice-president for Internationalization and Cooperation (CSIC)
President of GEZ, Spain

Juan Antonio Melero
Full Professor
Rey Juan Carlos University
Spain

Jiří Čejka
Full Professor
Charles University
Czech Republic

Nataša Zabukovec Logar
National Institute of Chemistry, Slovenia
President of FEZA

Wilhelm Schwieger
Senior Professor
Friedrich-Alexander-University, Germany

Filipa Ribeiro
Full Professor
University of Lisbon
Portugal

Manuel Moliner
Researcher
Institute of Chemical Technology (CSIC), Spain
